

WALGREENS CLOSING- On 4/2/24, the Walgreens Store at the CV Medical Building will permanently close. For information regarding customer prescription records, customers may visit any Walgreens location.

The owners of the CV Medical Building have informed UCO that a new pharmacy tenant is being sought to occupy the retail space currently occupied by Walgreens. It is expected that the new pharmacy tenant will be open for business soon after Walgreens closes, and updates will be sent out to the Community as more information becomes available.
